## MANCHESTER STREET GENERATING STATION, Oil Unloading Dock

HAER NO. RI-35-H

**Location:** 460 Eddy Street, Providence, Rhode Island

UTM: 19.300440.4631600

USGS QUAD: Providence, Rhode Island

**Engineer/Architect:** Not known

**Date of Construction:** ca. 1951

**Present Owner:** Narragansett Electric Company  
460 Eddy Street  
Providence, Rhode Island 02903

**Present Use:** Not in use

**Significance:** Located on the west bank of the Providence River at the southern end of the yard, the Dock serves as the off-loading facility for fuel oil delivered in tankers, which is then pumped via 12" pipe to the storage Tanks (HAER No. RI-35-F). It is significant as an integral component of fuel supply for the plant's electrical power generation operations.

**Project Information:** This documentation was undertaken in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended, prior to demolition and new construction for a repowering project using combustion turbines.
